## ***PNSCA Sponsorship Levels***

### **Series Title Sponsor**

Your name and logo is the PNSCA race series, it's part of the name. It's at the top of every page of the web site, all over the t-shirts, on the banners, on the required decals, even on the awards. Announcers call the class using your name, the results press releases and web postings feature it as well. A fabulous and unique opportunity at only \$5,000/year or three years for only \$12,000.

### **Series Associate Sponsor**

Your name and logo in the sidebar of every page of the web site, on the banners, and on the t-shirts. You get mentions in the results press releases and in all event results postings. This is a super bargain at just \$1,500 a year.

### **Event Sponsor**

Your name and logo are featured in the PNSCA calendar and announced at the event. The PNSCA will hang or hand out any banners or flyers you provide. In addition, the event results press releases and postings will prominently include your name. At only \$300/day this is a great way to get recognition for your company.

### **Supporting Sponsor**

Your company name, logo, and contact information is on the web site sponsors page, and on a random rotating basis in the sidebar of the rest of the site. Add in the gratitude and support of every racer, and it's a steal at only \$300 a year.

***A Level for Every Budget***

## ***Value?***

The PNSCA is the best sponsorship buy in all of motorsports!
